

GABRIEL SWAGEL

Ph.D. Candidate in Economics, Princeton University ◊ gswagel@princeton.edu

EDUCATION

Princeton University	2022-2028 (Exp.)
Ph.D. Candidate, Economics	
Princeton University	2024
M.A., Economics	
Princeton University	2020
A.B., <i>magna cum laude</i> in Economics; Minor in Computer Science	

RESEARCH INTERESTS

Labor, Health, Industrial Organization

WORKING PAPERS

1. **Providers, Places, and Children's Mental Health Care**, 2025.

Revise and Resubmit, Journal of Human Resources

Children's mental health is the defining public health crisis of our time. Using insurance claims for a national sample of 8 million privately insured children, I separate variation in pediatric ADHD medication and antidepressant prescribing due to differences in: 1) primary care provider (PCP) prescribing intensities, 2) regional practice environments, and 3) child health and demand. I find that eliminating differences in PCP prescribing intensities would reduce the variance of provider prescribing rates by 50 percent for ADHD medication and 65 percent for antidepressants. Geographic variation analyses understate the extent of treatment variation and the role of providers in driving overall treatment variation. I also find suggestive evidence that higher-quality PCPs tend to have higher ADHD prescribing intensities but lower antidepressant prescribing intensities.

WORKS IN PROGRESS

1. **A Framework for Modeling Social Program Take-up, with an application to SNAP**
with Kate Ho and Eduardo Morales
2. **Information in Emergency Care**
3. **Evaluating Private Equity Acquisitions of Residential Mental Health Facilities**
with Janet Currie

RESEARCH EXPERIENCE

Research Assistant to Prof. Janet Currie (Princeton)	2023
Pre-doctoral Research Fellow to Prof. Amy Finkelstein (MIT)	2020-2022
Research Assistant to Prof. Ram Fishman (Tel Aviv University)	2018

TEACHING

Princeton University	
Teaching Assistant to Prof. Hope Corman, Junior Independent Work	2024-2025
Teaching Assistant to Prof. Kelly Noonan, Health Economics	Spring 2025

AWARDS AND HONORS

<i>Prize Fellowship in the Social Sciences</i> , Princeton University	2025-2026
<i>Doctoral Fellowship</i> , Princeton University	2022-2027
<i>Honorable Mention</i> , NSF Graduate Research Fellowship Program	2022
<i>Senior Thesis Prize in Economics</i> , Princeton University	2020

SEMINAR AND CONFERENCE PRESENTATIONS

2025: Janet Currie Festschrift (Princeton), Annual Health Econometrics Workshop

SERVICE

Referee:

Journal of Health Economics

Other:

Coordinator, PREDOC Pre-Doctoral Research Workshop 2022

LANGUAGES AND TECHNICAL SKILLS

Programming Skills	Stata, Julia, R, SQL, MATLAB
Languages	English (native), Hebrew (fluent)

January 2026
